  - Permanent, indelible markings

### Accessories

- Fully integrated extended flue
- Fixed stand
- Factory fitted, adjustable castors
- Fixed installation kit

### Similar Models

- G9084 Four burner boiling top
- G3124 Six burner boiling top
- G3101 Six burner oven range

# Six Burner Gas Boiling Top

Measurements *in mm*

Unit on castors is the same hob height

## Installation notes

Adequate ventilation must be provided to supply sufficient fresh air for combustion and to allow easy removal of any such products that may present a risk to health. Please consult current legislation for details that relate to specific locations.

Install unit on a level, fireproof surface in a well-lit, draught free position. If floor is made of a combustible material, local fire requirements must be checked to ensure compliance.

A clearance of 150mm should be observed between appliance and any combustible wall.

## Specification *details*
