CAFÉPRO
Capsule Machine

WELCOME

Dualit has always designed products with the aim of making them as durable and long lasting as possible. In our view, this is simply the hallmark of a good quality product. However, we know that our customers are thinking more and more about the environmental impact of their purchases. On page 9 we talk a little more about reducing waste and designing products for longevity.

Take a look at one of newest products, the Bean to Go machine on page 54. This is Dualit's first bean to cup machine and as well as making an impressive cup of coffee, it is significantly smaller than others on the market and won't take hours to master.

New for 2019 is the CaféPro Capsule Machine, see page 92. If you run a small business and want to have good quality coffee available to your customers or staff, CaféPro is the answer. It makes up to 100 coffees a day using capsules, has a milk frother to help make a menu of drinks and doesn't need plumbing in.

We have enjoyed designing and manufacturing more innovative products that add style to your kitchen, we do hope you enjoy browsing our range of products and find just what you are looking for!

Leslie Gort-Barten

Alex Gort-Barten

YEAR IN, YEAR OUT

We've been manufacturing catering equipment in the UK since 1945.
Here's our story...

INVENTION IS IN THE GENES

Founder Max Gort-Barten's first product, a dual-light electric fire, inspired the Dualit name. His flip-sided toaster was patented in 1946.

1940s

COMMERCIAL SUPERSTAR

By the 1960s the company was in new premises on the Old Kent Road, London. The commercial toaster was already well-established in catering circles.

1960s

1950s

A CLASSIC IS BORN

In 1952 he designed a new commercial six-slot toaster which bears a significant resemblance to today's Classic Toaster.

1970s

FROM CHEFS TO CONSUMERS

The 70s saw the commercial toaster move into mainstream consumer markets.

EXPLOSION IN DEMAND

Enhanced versions of the original toaster had now gone worldwide, and sales quadrupled overnight. Dualit started to broaden its horizons and move into new products.

1980s

NEW PREMISES, NEW PRODUCTS

The company outgrew its home in the Old Kent Road, and moved to West Sussex. The product range extended to blenders and Lite toasters.

2000s

1990s

INNOVATION AND AWARDS

In the 90s, product launches and awards came thick and fast, and the new patented ProHeat® element won Dualit a Millenium award.

2010s

THE FUTURE LOOKS BRIGHT

Dualit invested in a capsule production facility to manufacture a range of Nespresso® compatible* coffee and tea capsules and continues to launch exciting new products.

BRITISH DESIGN & ENGINEERING

The spirit of innovation is the Dualit keystone. Since 1945, we've ceaselessly invented, created and pushed boundaries. We've never stopped listening to our customers and our aim to bring you products that combine reliability, performance and enduring design is unchanged. Every step of our manufacturing process must pass through our stringent quality control measures. Our products are built to last and we take great care to ensure that they do.

“ The Classic Toaster has become one of Britain's most recognisable kitchen essentials because through its development we make sure it delivers on the three most important factors for customers; style, technology and practicality. ”

*Leslie Gort-Barten
Managing Director*

SMALL DETAILS MAKE A BIG DIFFERENCE

We're proud of our in-house research and development team and extensive engineering expertise. We want to offer our customers something they can't find anywhere else and we spend years refining the details to make your kitchen a happier place to cook. We believe in our designs and have an increasing list of patents to show that our products are truly unrivalled.

PATENTED FEATURES

Constant product innovation is not only the key to Dualit's success but it's what inspires us. A patent protects an invention, preventing anyone else from reproducing, using or selling what we have worked hard to achieve, keeping it uniquely Dualit.

DESIGN FOR DISASSEMBLY

Dualit products are designed to work well for a long time. We develop our own life testing programmes that test products for much longer than the life expectancy and in much harsher conditions. But a product will eventually come to the end of its life cycle and good engineering involves making it easy to disassemble so it can either be repaired or easily taken apart, allowing the components to be recycled. We aim to leave as little waste as possible. Dualit products that can be repaired or have replacement parts available include the Classic

Toaster, Classic Kettle, Hand Blender, Hand Mixer and some coffee machines. Replacement attachments and accessories are also available for many products, adding to their longevity.

If products are returned to us that have reached the end of their lifecycle, we disassemble them so various materials can be recycled, including:

- Steel
- Stainless steel
- Aluminium
- Power cords

Great British breakfasts

TOASTER & KETTLE COLLECTION

Breakfast is the most important meal of the day so Dualit offer five toaster and kettle collections to suit a range of style preferences and requirements. Following the launch of the New Neutrals Classic Toaster collection, Classic Kettles in matching shades are now available to buy from our website.

The groundbreaking Classic Kettle has a patented replaceable element, Whisper Boil™ and anti-wobble base for a kettle that really lasts. The Classic Toaster is fitted with a patented armour-plated replaceable Proheat® element and is the perfect partner for the Classic Kettle.

ENVIRONMENTALLY RESPONSIBLE:

Fully repairable or replaceable parts for a toaster that will last a lifetime.

Handmade IN THE UK

We are proud that every Classic Toaster is hand-made in the UK by our skilled craftsmen. Quality and attention to detail are paramount, which is why each toaster features the assembler's name on the base plate.

PATENTED **PROHEAT**®

ELEMENTS

PROTECTIVE COVERING:

The durable protective film keeps the filaments clean and makes our ProHeat® elements virtually unbreakable.

EVEN TOASTING:

No element has as many 'winds per square cm' as Dualit's ProHeat® element – this makes for the most evenly toasted bread.

REPLACEABLE ELEMENTS:

ProHeat® elements are replaceable to ensure minimal disruption to service.

INTRODUCING THE *Naturals*

Dualit has launched its second colour collaboration with leading global colour and trend forecaster, Anna Starmer for the iconic Classic Toaster. A palette of greens and warm neutral tones, the new colours draw inspiration from the world around us and reflect the growing desire for our homes to be calming sanctuaries away from our busy everyday lives.

Image credit to Anna Starmer

Limestone

Limestone is a soft and rounded natural shade which will work beautifully alongside organic textures and primitive materials.

Image credit to Anna Starmer

Evergreen

A new classic to be loved season after season. Inspired by the need to fill our homes with greenery all the year round.

Classic Kettle available exclusively from dualit.com Colours correct at time of print

Image credit to Anna Starmer

Eucalyptus

A gentle, softened shade of green with just a touch of grey.
Like a dusted eucalyptus leaf, or a softened, powdery cactus.

Image credit to Anna Starmer

Desert

A shade taken from the south, the natural colour of earth homes in Africa and the warming colours of Tuscan terracotta.

Classic Kettle available exclusively from dualit.com Colours correct at time of print

New Neutrals

Dualit has also worked with Anna Starmer to create another range of colours for the iconic Classic Toaster. Four colours, delicate tints, perfectly matched. Colours are curated from collections. Found objects and treasured items are preserved, to inspire new shades and surfaces. Walking in Sussex, trailing through antique markets, searching out new and old. From a pebble found on the beach, to a hand crafted Japanese paper bowl, we discover inspiration all around us.

Porcelain

Inspired by morning light. This is a fragile white, with a chalky matte finish, soft, alluring and timeless.

Feather

Palest feather grey is enduring, beautiful like a perfectly still grey day, clouded yet infinite.

Shadow

Surround yourself with comforting layers of greys shadow upon shadow.

Powder

This is the most delicate shade of pink, a tint, a blush, a hint of colour.

Add a splash of colour to your kitchen! Our palette of Classic Toaster colours range from bold accents and sophisticated metallics to calm pastels. Whatever your preference, we've got the hue for you!

MASTER YOUR TOASTING SKILLS WITH DUALIT'S SANDWICH CAGE (optional extra)

Toasted sandwiches are best made with the help of a Dualit Sandwich Cage - they keep the filling where it should be and give the bread a good crunch! It is also ideal for toasting smaller items such as crumpets, muffins, waffles, teacakes and even homemade garlic bread.

APPLE, BANANA AND CINNAMON BRIOCHE TOASTIE

Makes 4 toasties

- 8 slices of brioche loaf
- 2 Apples
- 1 Banana
- Juice of 1 lemon
- 2 teaspoons of ground cinnamon
- Icing sugar to dust

1. Peel and core the apples then slice into large chunks.
2. Peel and slice the banana.
3. Blend the apple, banana, cinnamon and lemon juice for 10-20 seconds to form the toastie filling (the mixture does not need to be completely smooth).
4. Take one slice of brioche and place on the sandwich cage, spread with a generous amount of the mixture.
5. Cover with a second slice of brioche, close the cage and place in the toaster.
6. Toast for 2 mins or until golden brown. Remove from the toaster and sift icing sugar over the toastie.

Classic

KETTLE

The Classic Kettle combines the latest patented innovations with quality and attention to detail to add a stylish statement to any kitchen.

1.5L Jug Kettle

DOME

KETTLES

Dualit's Dome Kettle offers a traditional kettle shape with truly modern functionality. Styled in sleek stainless steel, with chrome panels on the heatproof ergonomic handle and sturdy base, it also has useful cup size indicators to ensure you boil no more than is required.

1.7L Dome Kettle

2.0L Dome Kettle

STUDIO[®]

.... BY DUALIT

TOASTERS

Crunchy, golden-brown toast made in a toaster that as well as being functional and easy to use, will appeal to those who like the most on-trend appliances in their kitchen.

watch the video at
DUALIT.COM/STUDIO

CRUNCH TEST APPROVED:

Consistently golden brown toast is a must and each toaster must pass Dualit's famous 'Crunch Test' to ensure the toast it produces is crunchy on the outside, soft and fluffy on the inside.

BUNDLE PACK:

The toaster is partnered by the Studio by Dualit™ Kettle, for the perfect matching set. A sleek, gloss finish frames a micro-textured, dotted pattern for eye-catching contrast.

STUDIO[®]

.... BY DUALIT

1.5L KETTLE

Featuring revolutionary, patented Sure Pour[™] together with a modern style that observes the latest interior design trends. Dual measuring windows in both cups and litres help you to save energy by boiling only the water you need. Dualit are experts at making kettles and the Studio by Dualit[®] Kettle is no exception.

watch the video at
DUALIT.COM/STUDIO

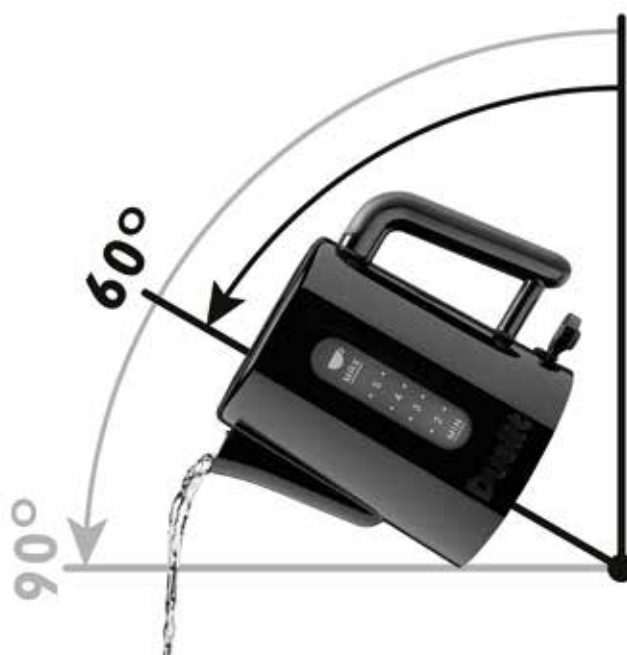

PATENTED SURE POUR:

This revolutionary feature combines an easy-grip handle, precision engineered non-drip spout and lightweight polymer construction with low pouring angle ideal for anyone looking for a kettle that is easy to handle.

NEUTRAL WRIST ACTION:

A reduced pouring angle of just 60° compared to a market maximum of 92°.

PRIVATE LABEL

Dualit manufactures the full coffee collection in the UK and has created private label requirements for many well-known retailers. Offering own label manufacturing capabilities allows Dualit to be able to advise retailers of any associated risks and protect against legal action. Manufacturing capsules onsite means Dualit engineers and production can react rapidly to Nespresso®* technical advances, increased demand and product development, that can only run and be tested on production machinery.

Watch our 'how it's made' video at:
[DUALIT.COM/CAPSULES](https://dualit.com/capsules)

THE EXCEPTIONAL TASTE *of quality* TEA & COFFEE COLLECTION

Our coffees and teas deliver exceptional taste to suit anyone and for every occasion. Our patented capsules, Compostable⁺ Coffee Bags, One Cup Filter Coffees and ESE pods provide the perfect solution for mess free convenience, delivering great taste in 1-2 minutes. Dualit's capsules and pods are sealed with premium coffee beans and tea leaves from around the world.

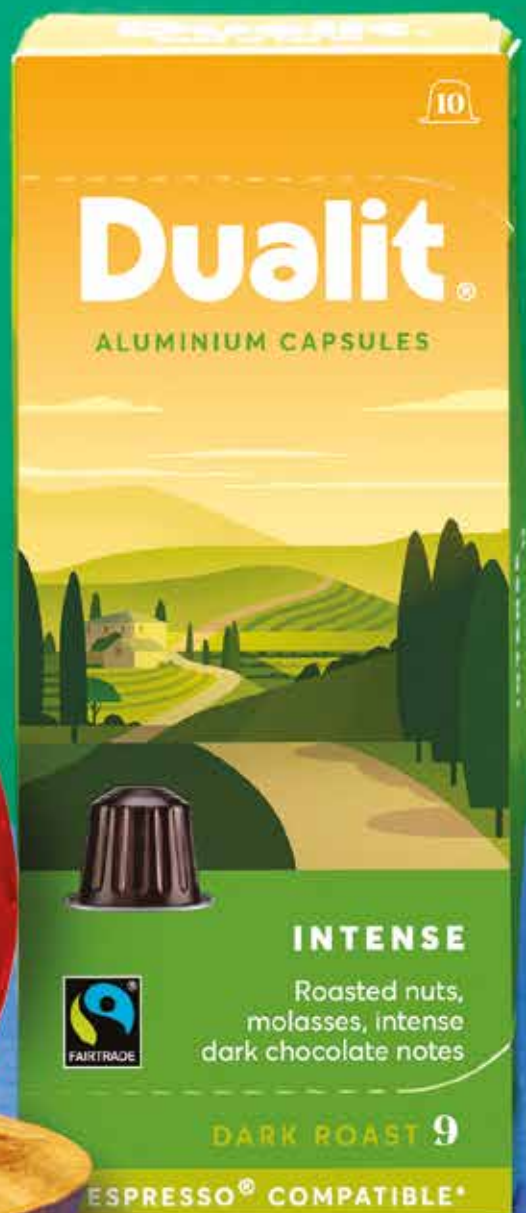

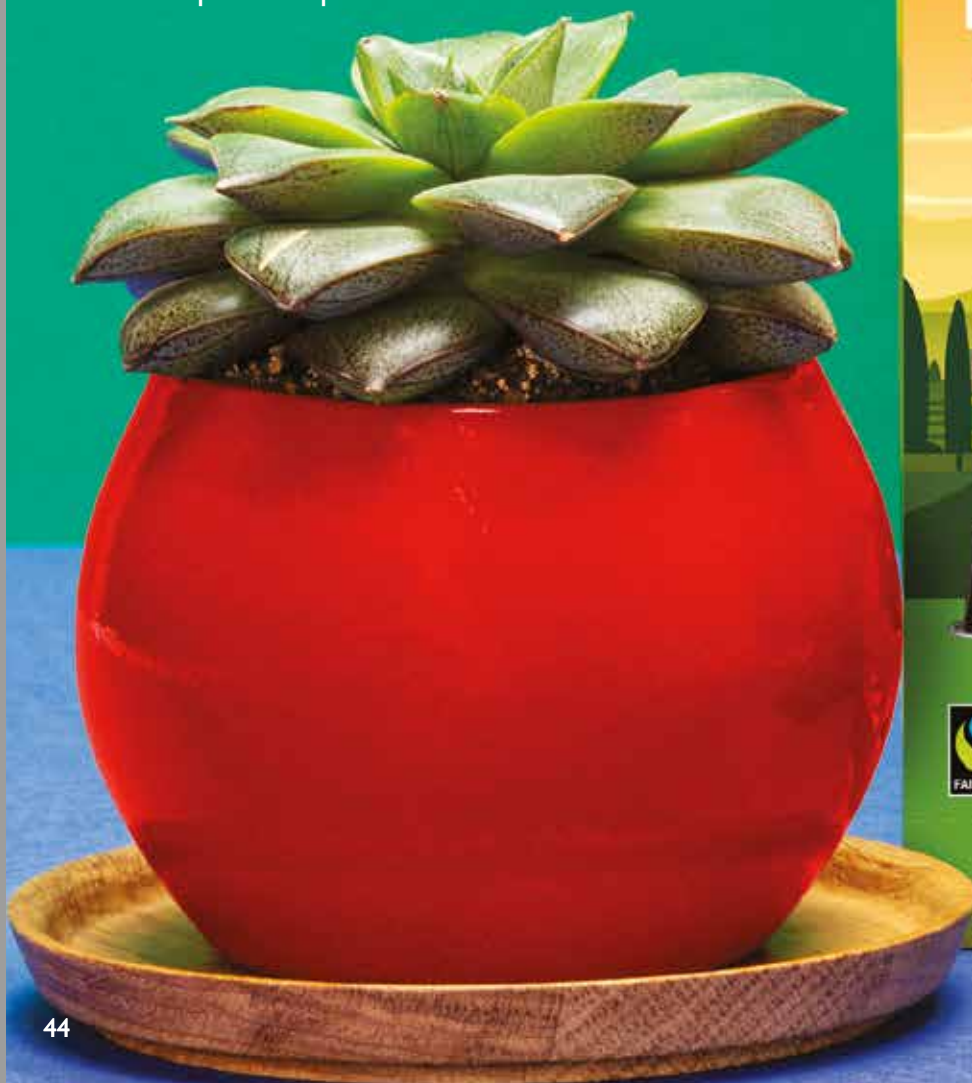

NEW

Aluminium

COFFEE CAPSULES

With years of experience in developing coffee with a great quality crema, inviting aromas and delicious flavours, Dualit has been working towards making its luxury coffee capsules sustainable. Compatible* with Nespresso® machines, Dualit's capsules are now made with aluminium, an infinitely recyclable material that is widely accepted by local authority recycling collections.

Available in four blends, the capsules are engineered in-house, where the coffee is roasted, ground and encapsulated in striking, metallic-toned aluminium capsules then packed into beautifully illustrated gift boxes. Dualit has reduced the size of the outer packaging for its Fairtrade certified coffee, for a more compact and space saving design, helping to reduce CO² footprint and taking up less cupboard space at home.

DUALIT & NESPRESSO® COMPATIBLE*

*Suitable for drop-through machines only. Excluding professional machines and built-in models. *Nespresso® trademark is owned by Bunn North America, Inc. © 2014

COFFEE BAGS

If you love the taste of Cafetière or Filter Coffee but not the time it takes to make it, then Dualit's Coffee Bags are for you. Holding an individual serving of pure ground coffee and brewed in as little as one minute, all you need to make a barista style coffee is your kettle and favourite mug. Dualit's Coffee Bags are made with the highest quality, hand selected beans and use recyclable and compostable materials. Crafted by our Master Roaster in our small batch roastery in the heart of West Sussex.

MADE IN UK

1.  Remove bag from sachet and place in mug	2.  Slowly add freshly boiled water, do not overfill	3.  Stir and squeeze bag gently
4.  Brew 1-2 mins (less for weaker, longer for stronger)	5.  Stir, squeeze bag, remove and enjoy	6.  Dispose of coffee bag and sachet in food waste bin

GREAT TASTING COFFEE IN 2 MINUTES:

Watch the patented Bloom Technology inflate the Coffee Bag. The asymmetric design leaves the coffee immersed instantly to extract maximum flavour fast.

SIMPLE, FRESH & MESS FREE:

You can now brew a luxurious cup of coffee that won't leave any mess in your kitchen. To retain the coffee's freshness and that 'just roasted' aroma, Dualit's Coffee Bags are individually wrapped and sealed.

BIG ON TASTE BUT SMALL ON WASTE:

Dualit's Coffee Bags are 100% compostable⁺, simply pop the Coffee Bag and Sachet into your food waste bin and let your authorised council collection scheme do the rest.

Intense

One Cup Filter

COFFEES

If you love the taste and aroma of freshly filtered ground coffee, you can now make one quickly and easily in the comfort of your own home with One Cup Filter Coffees from Dualit. Individually wrapped for freshness, each 7.5g filter contains fresh coffee ready for brewing straight in your mug, just add water. With no Cafetière or filter machines needed, your coffee will be ready in minutes leaving nothing to wash up apart from your mug. Dualit's One Cup Filter Coffees save you time without compromising on quality.

MADE IN UK

<p>1.</p>  <p>Shake bag and tear top off</p>	<p>2.</p>  <p>Unfold arms and attach to mug</p>	<p>3.</p>  <p>Slowly add freshly boiled water, do not overfill</p>
<p>4.</p>  <p>Brew 1-2 mins (less for weaker, longer for stronger)</p>	<p>5.</p>  <p>Gently remove bag and enjoy</p>	<p>6.</p>  <p>Don't forget to recycle cardboard box</p>

PROPER COFFEE WITHOUT THE FUSS:

Enjoy the taste of ground coffee expertly roasted but with the ease of making it in an instant. The convenience of instant coffee with a superior taste.

EASY TO USE DESIGN:

The filter arms sit neatly over the side of your mug. The design allows the water to drip slowly through the coffee grounds, extracting the full-bodied flavour of the coffee.

FRESH EACH TIME:

Each One Cup Filter is individually wrapped and sealed. This ensures the ground coffee stays fresh, aromatics are not diminished and the coffee's 'just roasted' taste is retained.

Intense

COFFEE

This strong and full-bodied Intense has notes of roasted nuts and molasses with an indulgent dark chocolate finish.

Dualit®

Fine Tea

DUALIT AND NESPRESSO® COMPATIBLE* CAPSULES

Introducing our revolutionary, multi-patented tea capsules. Dualit and Nespresso® machine owners can finally enjoy a range of exceptional tea blends and infusions sourced from the finest gardens. Dualit's taste-boosting breakthrough extracts an explosion of flavour in seconds due to patented capsule technology.

Enjoy tea in seconds; mess-free and perfect everytime.

ENGLISH BREAKFAST:

Exceptionally luxurious & smooth tea, brewed in seconds. Awaken your senses with its bright golden colour, exceptionally luxurious and smooth taste.

EARL GREY:

Quintessentially refreshing & elegant tea, brewed in seconds. The quintessential British premium blend of black tea; a delicately flavoured, distinctive yet aromatic flavour with zesty bergamot.

GREEN TEA:

Naturally pure & delicious tea, brewed in seconds. This light, smooth, clean-tasting tea is rich in antioxidants and gives a superior flavour.

BLACKCURRANT INFUSION:

Irresistible & velvety fruit explosion, brewed in seconds. An irresistible, velvety infusion bursting with lively fruit flavours, which is naturally caffeine free.

PEPPERMINT INFUSION:

Refreshingly soothing & uplifting, brewed in seconds. Made from 100% peppermint leaves, this is both soothing and uplifting with unparalleled freshness.

CHOICE & CONVENIENCE:

Enjoy a range of premium tea blends and infusions in the mess-free convenience of a capsule.

TEAVOLUTION™:

Patented technology releases the finest flavour from the tea leaves and reduces brew time by up to 90%. Experience tea like you've never tasted it before.

PERFECTION IN A CUP:

Patented microfiltration gives an exceptional taste and unsurpassed clarity. Each capsule has a peel off lid to protect the filter.

COFFEE PODS

Each ESE Pod is perfectly dosed and tamped with 7g of freshly roasted ground coffee, carefully enclosed in filter paper. Mess free and easy to use, enjoy the smooth taste and rich aroma of an unmistakable espresso.

MADE IN UK

FOR DUALIT & ALL ESE COMPATIBLE MACHINES

MILANO DARK ROAST: STRENGTH 5

Prepared from a pure blend of Arabicas. Milano Dark Roast provides a shot of intense flavour.

PARISIENNE EVENING BLEND: STRENGTH 3

A well-balanced after dinner coffee, combining only the finest Arabica and Robusta beans. Perfect for rounding off an evening's entertaining.

SIGNATURE ESPRESSO: STRENGTH 4

For the perfect espresso, combining Arabica beans with just a touch of Robusta. Signature Espresso is a strong bodied and delicious, liquid velvet coffee.

SMOOTH DECAF: STRENGTH 3

This blend of decaffeinated Arabica and Robusta beans combine to create a luxuriously silky coffee that can be enjoyed at any time of the day.

NEW YORK BREAKFAST BLEND: STRENGTH 4

Perfect for that first morning coffee, New York Breakfast Blend is a medium dark roast made from 100% Arabica beans.

Coffee shop

IN YOUR KITCHEN

BEVERAGE MACHINE COLLECTION

Our range of coffee machines, coffee makers and accessories now includes Dualit's first ever bean to cup machine, Bean to Go! Whether you want to whip up a latte in a hurry or take your time to enjoy a leisurely brew, browse our products to find the right machine for you.

NEW

Bean to Go

COFFEE MACHINE

Create your coffee shop favourites at home at the touch of a button with Dualit's Bean to Go Machine. The built-in coffee grinder grinds your beans just before extraction, then the infuser mixes the ground coffee with just the right amount of water to release its full aroma, ensuring fresh, authentic coffee.

PERFECTLY TEXTURISED MILK:

Create hot and frothed milk for a menu of coffee drinks and even hot chocolate with the simple and easy to use steaming wand.

FAST AND EFFICIENT:

With a 40 second start-up 'Speed' mode for a faster grind to extraction cycle and 'one touch' buttons for selecting drinks, achieving professional standard coffee is easier and faster than ever.

EASY TO CLEAN:

Removable drip trays, grind container and infuser makes cleaning easy. An auto-flush and descale function will help keep your machine working at its best.

SPECIFICATION

- Five adjustable grind settings
- Espresso, lungo and double shot options
- Double shot button grinds & extracts twice
- Pre-brewing infusion
- Steam wand froths milk & dispenses hot water
- Fast, powerful thermobloc heating system
- Stylish, compact design
- Speed Mode and energy saving ECO Mode
- Buttons can be operated with wet hands
- Adjustable coffee nozzle
- Programmable dosing memory
- Auto-flushes before every use
- Sealed bean hopper to lock in flavour
- Descale function with warning light
- 1.2L water tank
- 1235-1470W
- 19 bar pump

Café Cino

CAPSULE MACHINE

INTELLIGENT CHOICE:

Compatible with Dualit and Nespresso®* capsules, the Café Cino offers the choice of making coffee or tea. Purchase Dualit capsules online, on the high street or in supermarkets for ultimate convenience.

PRECISION EXTRACTION:

Precise Dosing control - extracts the perfect measure of espresso, lungo, Americano or tea. Programmable Memory - select more or less in your cup with programmable dosing memory.

TEAVOLUTION™:

Dedicated tea button that boosts the water to optimum brewing temperature for those who like it extra hot.

YOUR OWN KITCHEN CAFÉ:

The built-in milk frother creates dense, velvety foam, heated by steam for a professional result. Make cappuccinos, lattes or hot milkshakes in no time, with an option to further boost the temperature of the milk. Cool down with the Café Cino's cold froth function for silky smooth shakes.

watch the video at
DUALIT.COM/CAFE-CINO

- Compatible with Dualit NX® Coffee Capsules, Dualit Fine Tea Capsules and Nespresso® capsules
- Built in milk frother with jug (air volume 500ml)
- Precise, automatic dose control
- Programmable dosing memory
- Thermobloc heating system
- Dedicated espresso, lungo, cappuccino and latte settings
- Teavolution™; dedicated tea function with temperature boost
- Cold, frothed milk option for milkshakes
- Temperature boost option for frothed milk
- 19 BAR pump
- Descale warning light and descaling program
- 800ml removable water tank & lid
- Removable capsule basket & drip tray
- Auto switch-off after ten minutes

Café Plus

CAPSULE MACHINE

INTELLIGENT CHOICE:

Compatible with Dualit and Nespresso®* capsules, the Café Plus offers the choice of making coffee or tea. Purchase capsules online, on the high street or in supermarkets for ultimate convenience.

PRECISION EXTRACTION:

Precise Dosing control - extracts the perfect measure of espresso, lungo, Americano or tea. Programmable Memory - select more or less in your cup with programmable dosing memory.

TEAVOLUTION™:

Dedicated tea button that boosts the water to optimum brewing temperature for those who like it extra hot.

Coffee

PERCOLATOR

- Automatic off after 45 minutes
- On and off switch function on base
- Makes up to 10 cups
- Heat up time: 10 mins
- Capacity: 1.5 litres
- Neon light turns orange while brewing and green when ready to drink
- Concealed heating element for easy cleaning
- Transparent lid allows you to monitor the strength of the coffee
- Compatible with ground coffee and tea bags
- Oversized non-drip spout
- Heatproof handle and large, heatproof ball knob with finger-guard

Dualit's cordless Percolator is the perfect coffee machine for large parties. It provides up to 10 cups of coffee in just 10 minutes, and then keeps the rest hot and ready to drink for another 35 minutes. With on/off button functionality and automatic off after 45 minutes it's a kitchen must have and stylish enough to take straight to the table.

MILK *Frother*

TRIPLE FUNCTION

ONE-TOUCH:

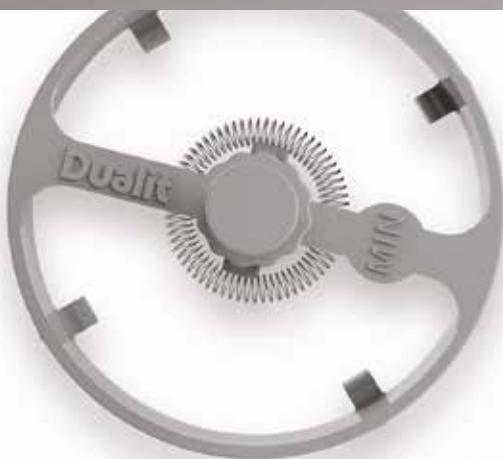

Patented dual speed motor quietly makes heated milk, frothed hot milk, or cold froth, all at a press of a button.

INGENIOUS DESIGN:

The patented removable whisk uses magnetism to give a fully sealed drive.

EASY TO USE:

Stylish cordless jug switches off automatically when it reaches the perfect temperature.

- One-Touch Triple Function
- Patented dual speed motor
- Patented removable whisk
- Generous capacity: 500ml*
- Non-stick interior coating
- Automatic switch off
- Cordless convenience
- Non-slip rubber feet

* Maximum volume after heating cycle

watch the video at
DUALIT.COM/MILK-FROTHER

CONICAL *Burr*

COFFEE GRINDER

Dualit's Burr Grinder produces consistent ground coffee every time, preserving the maximum aroma of the bean through faultless temperature control.

PORTION CONTROL:

Convenient portion selector delivers only what you require each time, ensuring your beans are always freshly ground.

10 GRIND SETTINGS:

Covers all your coffee equipment needs, whether coarse (for percolators and cafetières), medium (for filter machines) or fine (for espresso makers).

OSCAR BAGS

OSCAR Water Softening Bags are placed in your coffee machine's water tank and work to soften the water, reducing limescale build-up. Suitable for all Dualit pump espresso coffee machines with water tanks, each bag lasts for one year and is available from our website.

KILROCK DESCALER

Limescale is one of the leading causes of coffee machines breaking down. To reduce limescale build-up in your coffee machine, we recommend descaling at least once a month with Kilrock Espresso and Coffee Machine Descaler, available from our website.

Cino™

MILK STEAMER

- Freestanding portable and compact unit
- Mains plugged unit
- Thermobloc element for continuous steam
- Descale function with advance warning light
- 1 Litre tank capacity
- 1450W
- Powerful pump for plentiful steam
- Perfect for making cappuccinos, babyccinos, flat whites and lattes
- Frees up the coffee machine for more use
- Blue light indicator when ready
- Low water indicator flashes red
- Includes milk frothing jug
- Includes thermometer
- Includes three water filters

BARISTA KIT

Milk Frothing Jug, Chocolate Shaker and Thermometer - everything you need to make your perfect coffee a work of art.

MILK FROTHING JUG

Create coffee shop quality cappuccinos and velvety smooth lattes.

Cooking

ESSENTIALS

FOOD PREP COLLECTION

Blend, chop, mix, knead, juice and bake - we've got it covered! Eat well every day with our range of mixers, blenders, juicer and mini oven. Make cooking easier so you can spend more time enjoying your culinary creations.

Release THE NUTRITION

BLENDER

How to get your 5 a day

It is recommended we eat between five and seven portions of fruit and vegetables a day; how many do you eat? It's much easier to drink them rather than eat them, so blend your own nutritious smoothies and soups and getting your '5 a day' will be so much easier.

ICE CRUSH:

From ice cubes to snow drifts in just 10 seconds

AUTO PULSE:

A soft-start pulsing action that ensures the mixture has maximum contact with the blades for the smoothest results

vortecS®

POWERFUL NUTRITION EXTRACTION:

The powerful 1000W motor and VortecS multi-dimensional mix action makes light work of the toughest fruit and vegetables; the asymmetrical fins and six pronged blade blast the ingredients, breaking down the skin, seeds, nuts and pulp in seconds to release the nutrition locked inside, creating the smoothest liquid packed with nutrients.

watch the video at
DUALIT.COM/BLENDER

WHAT IT MAKES:

Healthy smoothies

Creamy milkshakes

Sauces

Nutritious baby food

5 a-day

HAND BLENDER

Soups, smoothies and beyond

watch the video at
DUALIT.COM/HAND-BLENDER

vortec®

NUTRI-VORTECS:

A six-pronged blade, internal fins and 700W of power force ingredients into the chopping zone to create the smoothest mixtures. Fruit and vegetables are given a power blast that releases the nutrition locked inside the pulp, skin and seeds.

If years of use eventually begin to take their toll, the Hand Blender is repairable.

BLENDING STICK & JUG

For heavy mixtures and solids to create the smoothest soups, smoothies and baby food.

CHOPPING BOWL

Chops everyday ingredients in seconds and creates dressings, dips and sauces.

BALLOON WHISK

Mixes cream, egg whites and cake batter to create the lightest sponges, meringues, soufflés and mousses.

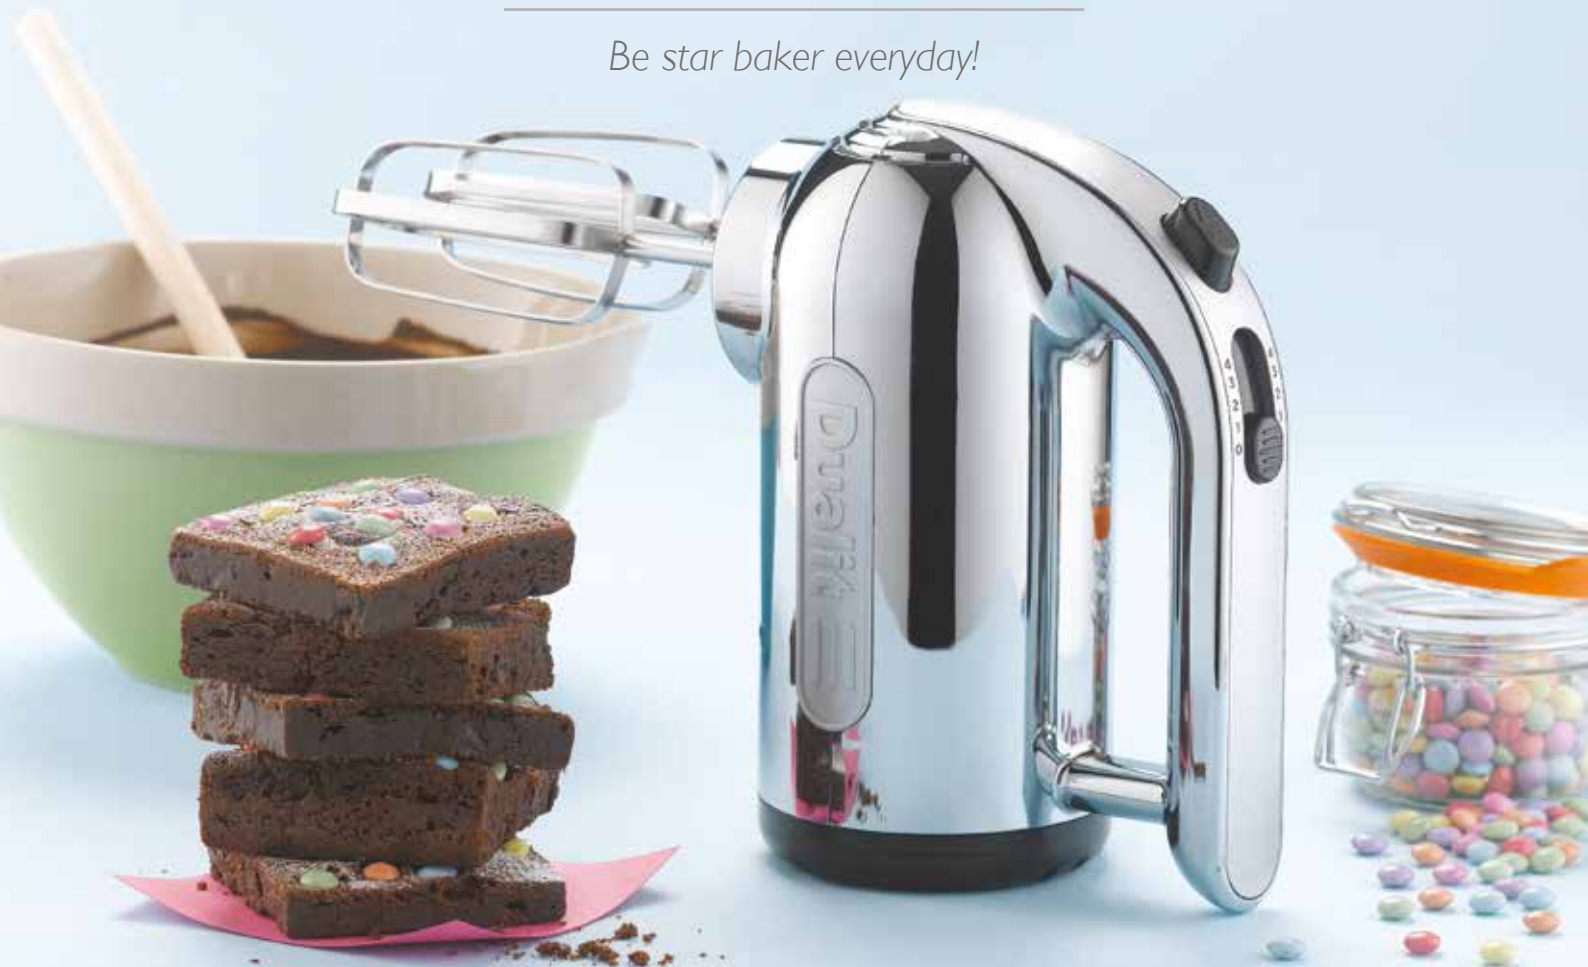

For the full recipes visit:
DUALIT.COM/ARTICLES-AND-RECIPES

Bake off™

HAND MIXER

Be star baker everyday!

watch the video at
[DUALIT.COM/HAND-MIXER](https://dualit.com/hand-mixer)

UNIQUE CORD TIDY:

Small but perfectly formed with a retractable cord and cleverly designed integral plug storage, creating less clutter and needing minimal storage space..

POWERFUL:

The 400W motor includes multiple speed settings - ideal for any task from whisking eggs to mixing dough, taking the chore out of baking.

If years of use eventually begin to take their toll, the Hand Mixer is repairable.

FLAT BEATERS

Perfect for mixing up cookie doughs and cake batters, liquids and creaming butter and sugar.

BALLOON WHISK

Use this for light and fluffy mixtures; whipping cream or whisking egg whites and meringues.

DOUGH HOOKS

Mixes dough for bread and pastry with minimal effort at slow speed for the best results.

For the full recipes visit:
DUALIT.COM

Bake off™

Preparing your own meals is so much easier with the right tools. Know exactly what is going into each bake, whether you're making a wholesome family dinner or a naughty sweet treat and save valuable time with your extra pair of "helping hands".

Get inspired with our recipe collection at [DUALIT.COM/RECIPES](https://dualit.com/recipes)

Mini Oven

18 L

Perfect for small kitchens, caravans and boats, cooking for one or additional oven space in a busy kitchen. Small in size but with a generous, 18 litre capacity.

FAST HEAT-UP TIME:

Heats to 180° in just three minutes and 230° in under five; perfect for when you need to be quick.

VERSATILE COOKING:

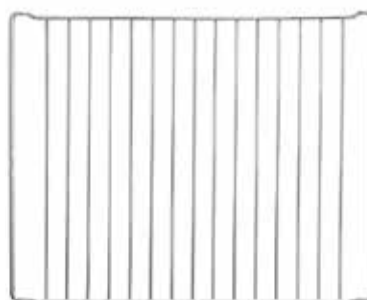

Defrost, grill, bake and convection functions will help you extend your menu even if you're short on kitchen space.

FOR THE *Commercial* KITCHEN

CATERING COLLECTION

Dualit understands the needs of professional chefs, restaurants, cafés, pubs, bars, hotels and B&Bs, and has developed innovative and easy to use products that can withstand the demands of a commercial environment.

From grills to soup kettles to conveyor, contact and traditional toasters, your kitchen will run efficiently with Dualit.

Classic toasters

- Hand built in the UK. Each one is hand-assembled and features the assembler's individual mark on the base plate 
- Fully repairable or replaceable parts
- Patented ProHeat® elements
- Extra wide 28mm slots
- Adjustable rear foot
- Energy-efficient slot-selector control allows you to only toast what you need

- Mechanical timer allows you to control your browning preferences
- Manually operated ejector lever lets you check bread whilst toasting
- Defrost setting gently warms frozen bread ready for toasting

PATENTED **PROHEAT®**

Dualit's patented ProHeat® elements are the key feature of the Classic Toasters. Their unique, armour-plated design protects the filaments from damage, whilst the extra 'winds per square cm' ensure that the bread is toasted more evenly.

PROTECTIVE COVERING:

The durable protective film keeps the filaments clean and makes our ProHeat® elements virtually unbreakable.

EVEN TOASTING:

No element has as many 'winds per square cm' as Dualit's ProHeat® element – which makes for the most evenly toasted bread.

REPLACEABLE ELEMENTS:

ProHeat® elements are replaceable to ensure minimal disruption to service.

Catering

POP-UP TOASTER

PROHEAT®:

Unique patented ProHeat® elements have a protective armour plated layer covering the filament making them virtually unbreakable.

POP-UP:

It couldn't be simpler: drop in the bread and lower the lever. The toast will automatically pop-up, browned to perfection, when ready.

REPLACEABLE PARTS:

Designed for continual, day in, day out use. However, if wear and tear eventually take their toll, virtually every part can be replaced.

Conveyor

TOASTER

FAST, HARDWORKING INCOLOY ELEMENTS:

Powered by Incoloy elements, the Conveyor Toaster is ready to use in just five minutes with the quick start procedure and will continue to heat up for 30 minutes until it reaches maximum heat.

FEED THE CROWDS:

The 2 slice Conveyor Toaster works perfectly for larger catering establishments, producing up to 560 slices of white toast or 1,200 slices of thinner fruit loaf an hour.

FULL CONTROL:

A bagel setting heats the bottom element only, making it ideal for toasting bread, buns and bagels on one side. The nine browning levels enable a wide range of bread types to be toasted to perfection.

DCT2i

CaféPro

CAPSULE MACHINE

The Dualit CaféPro Capsule Machine is ideal for small cafés, boutiques, salons, work place canteens, pubs, B&Bs and smaller catering outlets that want to operate a professional coffee service but lack the requirement for a full coffee-shop style set-up. With a double brew head and professional, boiler operated steam function, the machine can extract espressos whilst simultaneously frothing milk ready for a range of hot drinks.

CAPSULE CONVENIENCE:

The CaféPro is compatible with Dualit's NX® Coffee Capsules and Fine Tea Capsules as well as Nespresso®* coffee capsules.

AN EFFICIENT MULTI-TASKER:

The CaféPro makes two espressos or lungos at a time, and the individually controlled steam wand allows you to create perfectly textured frothed milk whilst the coffee extracts, saving valuable time.

EASY OPERATION & FLEXIBLE USE

The CaféPro is a mains plugged unit and can be moved if required to free up space. The CaféPro is operated by a digital display with touch button menu options for ease of use.

watch the video at
DUALIT.COM/CAFEPRO

- Freestanding, portable, mains plugged machine
- Digital display with touch button operation
- Individually operated double brew head, steam wand and hot water wand
- Descale counter with advance warning light at 1500 extractions
- Machine lockout after 2000 extractions ready for descaling
- 2.7L tank capacity
- 20 bar pump
- Thermobloc heating element for each brew head
- 1.2L separate steam boiler
- Adjustable automatic standby after 30 mins
- Auto dose buttons for espresso or lungo extraction
- Adjustable temperature and volume settings
- 2 x 2 litre removable drip trays with drainage valves
- Two capsule baskets with 30 capsule capacity each
- Maximum daily usage should not exceed 100 capsules (50 per brew head)

Contact grills

PANINI & DOUBLE

Contact Grills play an essential role in the kitchen, useful throughout the day. The Dualit range includes the panini and a double grill for versatility. All have flat base plates and ribbed top plates for faster cooking time... because we know time is money.

watch the video at
DUALIT.COM/CONTACT-GRILLS

Double

Panini

Griddle

The Griddle boasts a stainless steel griddle plate specifically designed to ensure even heat across the entire cooking area. Its versatility means you can cook virtually anything from eggs and bacon to most fish, steaks and even onions and tomatoes.

Contact toaster

60 SANDWICHES PER HOUR

Makes delicious, sealed toasted sandwich triangles; their deep non-stick moulding and robust seal means that fillings can be extremely generous. The two hotplates can be operated individually to conserve energy.

MADE IN UK

Waffle iron

60 WAFFLES PER HOUR

Makes two rings of perfectly dimpled waffles, divided into four portions. Made from satin finish, top grade stainless steel, each plate has two layers of non-stick coating. The two hotplates can be operated individually to conserve energy.

MADE IN UK

2 IN 1

Toastie and Waffle maker

Enjoy the best of both worlds and save valuable kitchen counter space! Makes toasted sandwiches and waffles at the same time or separately as each plate has its own controls, along with non-stick hot plates for easy cleaning.

Soup kettle

11L, 10L, 6L

Our range of soup kettles are built for hard work, with solid cast aluminium outer bodies and stainless steel liners. All are fitted with long life heating elements and are ideal for use in the kitchen or front of house. The compact 6L wet-heat is perfect for foods that need moisture to heat, while the 10L dry heat holds beans, curries, stews and chillis at just the right temperature. The 11L wet and dry is a flexible kitchen workhorse.

Cino™

MILK STEAMER

The Dualit Cino™ Milk Steamer is dedicated to creating professionally frothed and steamed milk for hot drinks. With continuous frothed milk available, your hot drinks service will be faster and more efficient, as your coffee machine is free to concentrate on making espressos. The Cino's sleek, stainless steel design will make it a stylish addition to your café, or even your own kitchen, for those who enjoy coffee shop style coffee at home.
